

MCN INDEX

Index to Volume 18
January to December 1993

Frederick W. Pattison,
MSLS Indexer

BY SUBJECT

A

Accidents, Home

Childhood residential injuries (Jones) 168

Accolades (Department)

MCN accolades 44; 110; 310

Adolescent Mothers

Assessing and promoting positive parenting in adolescent mothers (Fleming, Munton, Clarke, Strauss) 32

Ambulatory Care Nursing

Ambulatory care: challenges in patient teaching (Barnes) 309

Anesthesia, Epidural

Epidural anesthesia in the maternity patient (Taylor) 86

Antiepileptic Agents

Another way to administer antiepileptic medications in infants and children (Keane) 270

B

Breast Feeding

Is breast-feeding possible after breast surgery? (Hughes, Owen) 213

Burns

Childhood residential injuries (Jones) 168

C

Cardiopulmonary Resuscitation

Teaching CPR to parents of children with tracheostomies (Buzz-Kelly, Gordin) 158

Child

Another way to administer antiepileptic medications in infants and children (Keane) 270

Iron overload? In sickle cell disease? (Day, Dancy, Kelly, Wang) 330

Sleep position of infants: applying research to practice (Lerner) 275

Child, Hospitalized

Cognitive and behavioral strategies to reduce children's pain (Kachoyeanos, Friedhoff) 14

Heparinized saline or normal saline as a flush solution in intermittent intravenous lines in infants and children (McMullen, Fioravanti, Pollack, Rideout, Sciera) 78

Clinical Dependence

Chemical assessment in maternity care (Campinha-Bacote) 24

Clinical Research

Clinical research revisited (ed) 189

Communicable Disease Control

Stopping the spread of disease while protecting individual rights (Rhodes) 281

Computers

Computers in nursing: be involved (ed) 293

Continuing Education (Department)

48; 117

Crossword Puzzle

Labor and deliver! (Hart) 278

D

Data Analysis, Statistical

Exploratory data analysis Part II: Steps in examining data (Lederman) 47

Deferoxamine Mesylate

Iron overload? In sickle cell disease? (Day, Dancy, Kelly, Wang) 330

Documentation

User-friendly forms for mother-baby nursing (Rogers, Batterson, Shurak) 297

Drug Administration, Rectal

Another way to administer antiepileptic medications in infants and children (Keane) 270

E

Editorials

Clinical research revisited 189

Computers in nursing: be involved 293

Managed care: what does it mean? 7

We're wonderfully creative. Let's take the next step! 237

What about normal families? 135

Why the cover change? 63

Education, Nursing, Baccalaureate

We're wonderfully creative. Let's take the next step! (ed) 237

Ethics, Nursing

Law versus ethics (Rhodes) 311

Exploratory Research

Comparative and consistent approaches to exploratory research (Lederman) 107

F

Family Nursing

What about normal families? (ed) 135

Family Violence

Family violence (Rhodes) 73

Fetal Movement

Fetal movement counting: which method? (Freda, Mikhail, Mazloom, Polizzotto, Danus, Merkatz) 314

Forecasting

Time series analysis II: Forecasting (Lederman) 229

Time series analysis part II: Forecasting (Lederman) 283

Foster Care Residence

Step up from home: enhanced care for medically complex HIV infected children (Clark, Byrne) 94; Part 2: Clinical issues in long-term pediatric HIV disease (Clark, Byrne) 164

G

Genetic Counseling

New genetic discoveries increase coun-

seling opportunities (Williams) 218

Grandmothers

When grandmothers take care of grandchildren (Carlson) 206

H

Home Care Services

Home care of the pregnant woman using terbutaline (Cowan) 99

What pediatric home care offers the nurse (Peirson) 306

Human Immunodeficiency Virus

Step up from home: enhanced care for medically complex HIV infected children (Clark, Byrne) 94; Part 2: Clinical issues in long-term pediatric HIV disease (Clark, Byrne) 164

Hypersensitivity

A synthetic alternative (Romanczuk) 238
Latex use with infants and children: it can cause problems (Romanczuk) 208

I

Infant Development

How to target infants at highest risk for developmental delay (Oehler, Goldstein, Catlett, Boshkoff, Brazy) 20

Infant Mortality

Why do I have to work so hard? (Grad) 9

K

Kangaroo Care

Kangaroo care: skin-to-skin contact in the NICU (Drosten-Brooks) 250

L

Labor Stage

Epidural anesthesia in the maternity patient (Taylor) 86

Physiological second-stage labor (Cosner, deJong) 38

Six myths of maternal posture during labor (Biancuzzo) 264

Latex

A synthetic alternative (Romanczuk) 238
Latex use with infants and children: it can cause problems (Romanczuk) 208

Lead Poisoning

Lead poisoning (Sharts-Hopko) 288

Lithium

Lithium and pregnancy (Sharts-Hopko) 344

M

Managed Care

Managed care: what does it mean? (ed) 7

Maternal Nursing

Women with spinal cord injuries require sensitive reproductive care (Bertosa, Cellura, Pierce, Rothacker) 254

MCN (Journal)

Why the cover change? (ed) 63
MCN Products 46; 178

Women with spinal cord injuries require sensitive reproductive care (Bertosa, Cellura, Pierce, Rothacker) 254

MCN (Journal)

Why the cover change? (ed) 63
MCN Products 46; 178

Mother-Baby Nursing

User-friendly forms for mother-baby nursing (Rogers, Batterson, Shurak) 297

N

Neonatal Nursing

Comprehensive team care (Hewson, Mischler, Tuthill, Baroni, Dreier, Green, Kraus, Becker, Feenan, Sondel, Shuster, Wolf) 198

How to target infants at highest risk for developmental delay (Oehler, Goldstein, Catlett, Boshkoff, Brazy) 20

Kangaroo care: skin-to-skin contact in the NICU (Drosten-Brooks) 250

Network (Department)

AHCPR pocket dosage guide for pain drugs now available 114

Announcing: the Society for Clinical Coding 116

FDA panel recommends approval of female condom 113

How to fill out the new HCFA 1500 claim form 53

Patient leaflet "perforated eardrum" available 114

RN research opportunities available through AHCPR 112

Source for information on youth 53

Vietnam women's memorial project 282

Normal Saline Solution

Heparinized saline or normal saline as a flush solution in intermittent intravenous lines in infants and children (McMullen, Fioravanti, Pollack, Rideout, Sciera) 78

Nursing Administration Research

An integrated approach to incorporating research findings into practice (Keefe) 65

Nursing Assessment

Chemical assessment in maternity care (Campinha-Bacote) 24

Nursing Team

Comprehensive team care (Hewson, Mischler, Tuthill, Baroni, Dreier, Green, Kraus, Becker, Feenan, Sondel, Shuster, Wolf) 198

O

Obstetrical Nursing

Labor and Deliver! (Hart) 278

Physiological second-stage labor (Cosner, deJong) 38

P

Parents

Why parents use the warm line (Jones, Maestri, McCoy) 258

Patient Dumping

COBRA and patient dumping (Rhodes) 13

Patient Education

Ambulatory care: challenges in patient teaching (Barnes) 309

Family libraries: supporting patient education (Barnes) 109

Family resource libraries: education and outreach (Barnes) 181

Patient education standards (Barnes) 45

Quality improvement in patient education (Barnes) 249

Tuberculosis: implications for patient teaching (Barnes) 224

Pediatric Nursing

Cognitive and behavioral strategies to reduce children's pain (Kachoyeanos, Friedhoff) 14

Safe transport of technology-dependent children (Kelly) 29

Step up from home: enhanced care for medically complex HIV Infected Children (Clark, Byrne) 94; Part 2: Clinical issues in long-term pediatric disease (Clark, Byrne) 164

What pediatric home care offers the nurse (Peirson) 306

Pediatric Pain

New standards of care for pediatric pain management (Howe) 325

Politics

We got them elected. Now what? (Leavitt, Mason) 137

Power Analysis

Power analysis: part 1 (Lederman) 313

Prenatal Care

Fetal movement counting: which method? (Freda, Mikhail, Mazloom, Polizzotto, Damus, Merkatz) 314

Home care of the pregnant woman using terbutaline (Cowan) 99

Lithium and pregnancy (Sharts-Hopko) 344

Prenatal vitamins, a rite of passage? (Omar, Schiffman) 322

Special section: can we encourage pregnant substance abusers to seek prenatal care? (Starn, Patterson, Bemis, Castro, Bemis) 148

Q

Quality of Health Care

Quality improvement in patient education (Barnes) 249

R

Ritrodine

Ritrodine, reexamined (Sharts-Hopko) 56

S

Self-Administered Medication Program

Collaboration between education and service results in a new patient program (Yingling, Wink, Gilliland, Brown, Miklasevich, Bradford) 241

We're wonderfully creative. Let's take the next step! (ed) 237

Sickle Cell Trait

Iron overload? In sickle cell disease? (Day, Dancy, Kelly, Wang) 330

Spinal Cord Injuries

Women with spinal cord injuries require sensitive reproductive care (Bertosa, Cellura, Pierce, Rothacker) 254

Storytelling

Storytelling: a practitioner's tool 193

Substance Abuse

Special section: can we encourage pregnant substance abusers to seek prenatal care? (Starn, Patterson, Bemis, Castro, Bemis) 148

Special section: can we help the substance abusing mother and infant? (Sullivan, Boudreaux, Keller) 153

Sudden Infant Death Syndrome

Sleep position of infants: applying research to practice (Lerner) 275

T

Telephone Counseling Service

Why parents use the warm line (Jones, Maestri, McCoy) 258

Television

First TV show for nurses 52

Tocolytic Therapy

Home care of the pregnant woman using terbutaline (Cowan) 99

Tracheostomy

Teaching CPR to parents of children with tracheostomies (Buzz-Kelly, Gordin) 158

Transition Model

Comprehensive team care (Hewson, Mischler, Tuthill, Baroni, Dreier, Green, Kraus, Becker, Feenan, Sondel, Shuster, Wolf) 198

Transportation of Patients

Safe transport of technology-dependent children (Kelly) 29

Tuberculosis, Pulmonary

Multidrug resistant tuberculosis (Sharts-Hopko) 184

Reemerging public health issue (Rhodes) 175

TB: Public Health Statutes (Rhodes) 225
